Step 1

Click on “Create a new wallet”

App Store LTE 11:27 AM 39%

Private and secure

Private keys never leave your device.

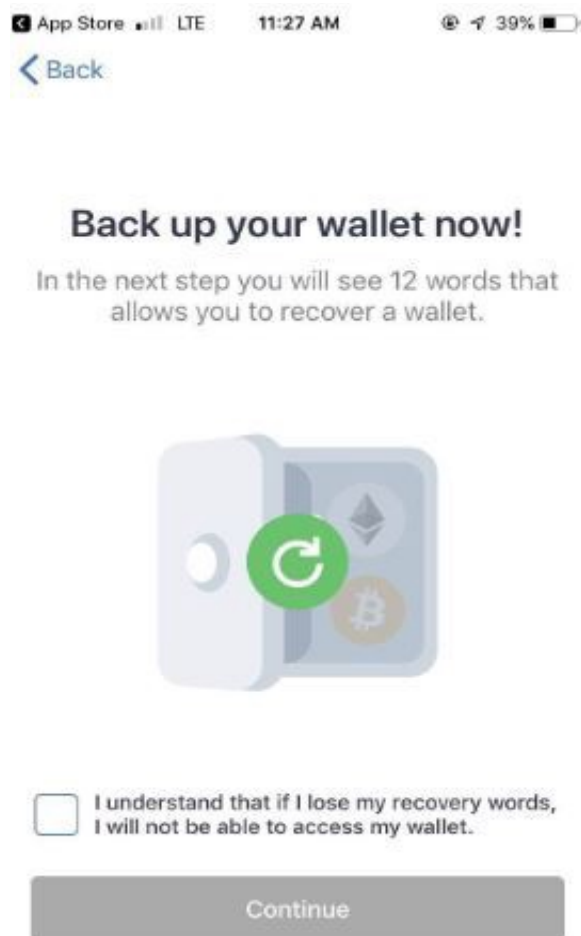

Create a new wallet

I already have a wallet

Step 2

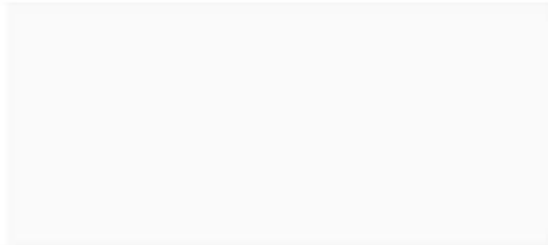

Back up your 12 words recovery phrase

< Back

Verify recovery phrase

Tap the words to put them next to each other in the correct order.

- chuckle
- situate
- defy
- ship
- direct
- apology
- light
- eight
- guilt
- knee
- dentist
- admit

Continue

Once you successfully verified the recovery phrase, your new wallet will be created

Wallet Created

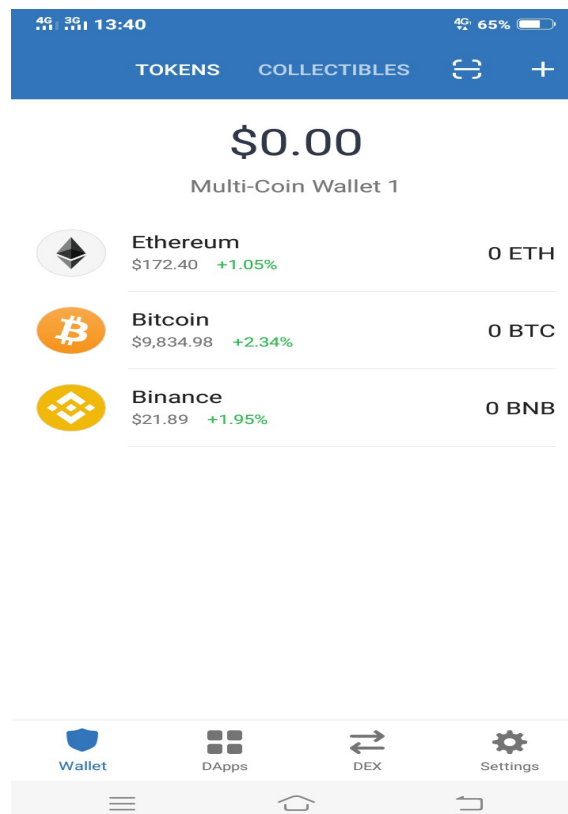

Name
Main Wallet

My Wallet Address
Multi-Coin Wallet

Done

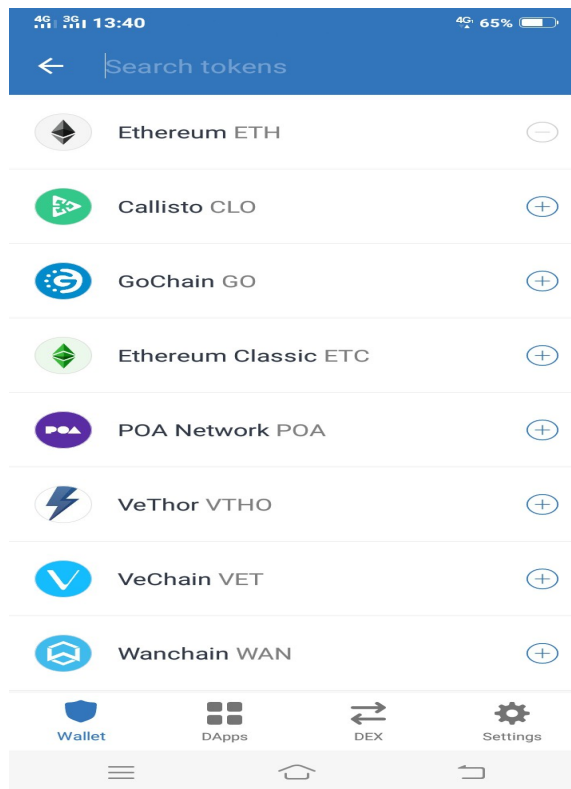

Step 3

Next, you will see the default screen as shown below. Now you are ready to add Ethavo Tokens to the main screen by tapping on the + sign on the top right corner

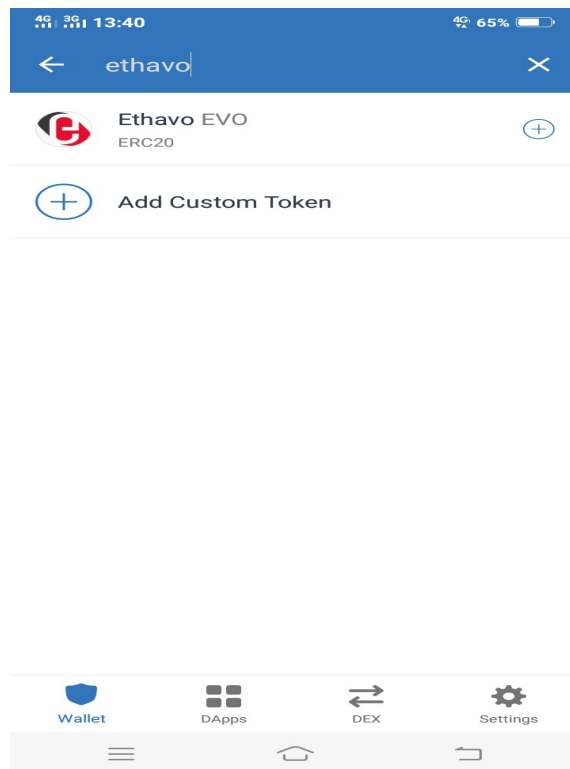

Step 4

On the Search tokens box, type Ethavo

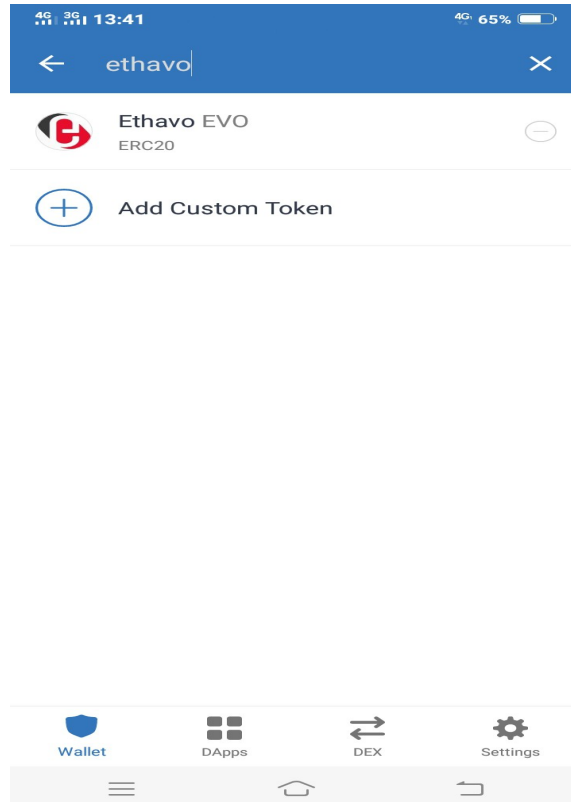

Step 5

Click on the + sign on right corner beside Ethavo EVO

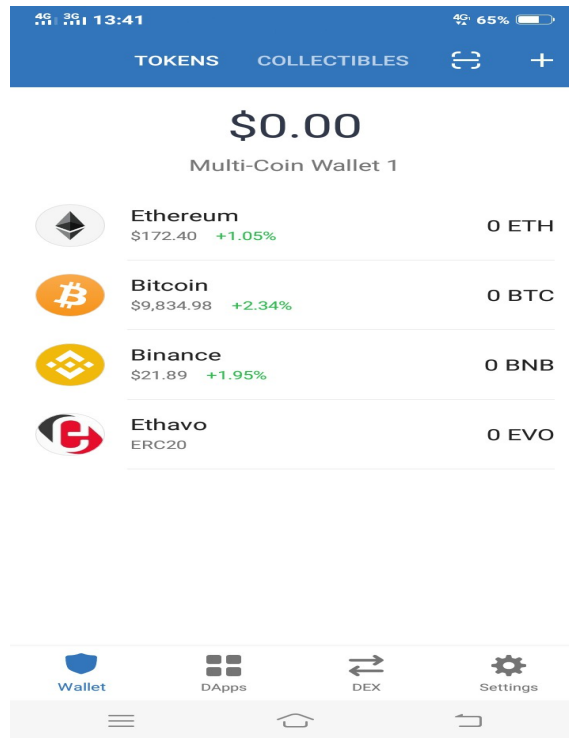

Step 6

You will notice that the + sign has change to – sign. That mean Ethavo EVO token has been added

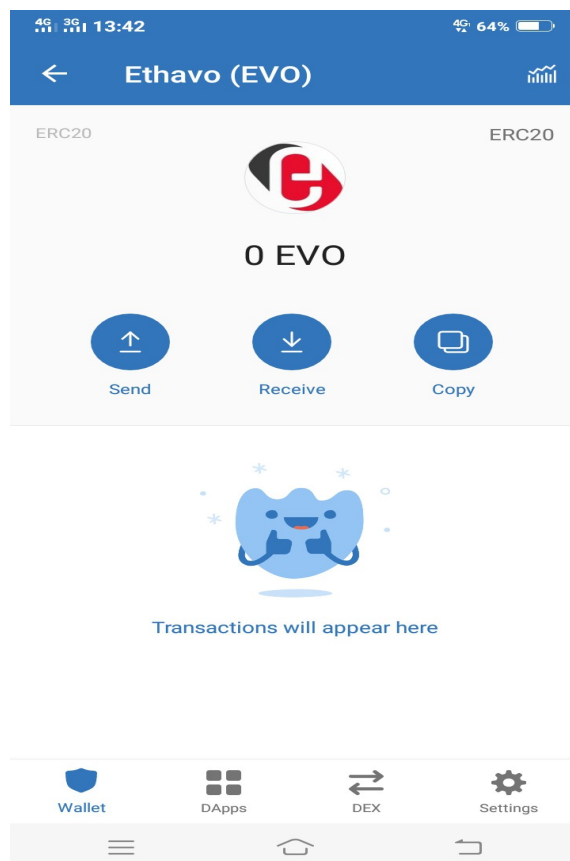

Step 7

Congratulations! Ethavo token has been added to Trust Wallet

Step 8

You can now Send and Receive Ethavo (EVO) token

To buy Ethavo token, simply tap the receive button to copy your ERC20 ethereum address

Happy Trading
